Subject: Fwd: pep band

Hey gang,

Attached is the info Brent from OCU wanted to share with you. I am sure he will appreciate any help you can provide.

Saturday: Like to knock out two projects in the morning.

We will start at the rear of 121 E. Franklin(our concert venue from last year).

Basic cleaning: sweeping and such.

Start at 9 AM.

Shop vacs brooms and such would be helpful.

Once we are comfortable with that project, we will move to Forest Cemetery to "tune up" our trailer. General clean-up and painting.

If you have paint brushes, rollers, roller pans, please let me know, so I don't spend money on stuff that you can provide.

I think we should be done with both projects by noon. Any questions come to mind?

Dave
