In 1979, Mr. Gary Dean was approached by some of his former students to start a band for people out of school. As Mr. Dean's work schedule at the time had him out of the area, Mr. Drexel Poling (former band director at Teays Valley) would step in to help direct the "Hometown Band." In 1982 Mr. Clifford Kerns took over the directorship and remained in that position until 2006. At present David Winner is director.

Through all of that, Mr. Lowell Buintendorp has been an anchor. Lowell joined the group early on and when it was decided officers were needed, he served in various roles, serving as President for over thirty years. The countless hours he has spent filing music, setting up performances, working on our float, and the list goes on. The Band thanks him for all of his contributions and hope he can get back to playing with us. Thank You, Lowell!
