Subject: Band update

Hello, Fellow Band Members!

Your officers met last night to finalize plans for the reconvening of band practice. As I stated in a previous email, we will be practicing outside at the fairgrounds amphitheater on June 1, 8, and 15 in preparation for our performance during the races in the grandstand on June 20th from 1:00-3:30 P.M. (The fair bulletin incorrectly listed our performance at the amphitheater) **We would like to begin practice at 7:00 so we will have plenty of daylight.** You may park close to the amphitheater on the "downhill" side for easier walking to practice. We will practice in the "audience" section of the amphitheater so we can spread out comfortably. There should also be plenty of room to spread out in the grandstand when we play for the races. We will load about 20 chairs and a few stands from the band room and transport them to the fairgrounds along with any black books that were left in the band room. If you have your own chair and stand to bring, that would be helpful. The music for these June rehearsals will only be from the black book. We will be wearing the green shirts for our grandstand performance along with black "bottoms".

I have missed you all and hope to see you June 1st!

Becky
