

CPSBB #113

Here we go!!! Pumpkin Show month. The BIG ONE. 2 concerts and 2 parades. Concerts on the West Main Street Platform on Wednesday, October 16, and on Friday, October 18. Both scheduled to start at 6:15 and will last till 7:00. The two parades will be Wednesday and ~~Friday~~ ^{Friday} Nights. You all know parades start at 8:00 and our float will be located someplace...DON'T FORGET, also, that our rehearsal on Tuesday, October 15th will be on the West Main Street platform.

So far, nothing scheduled for November, our Christmas Concert scheduled for Sunday, December 22nd.

And, we already have an engagement for 1997...On June 25th. A week long bicycle tour will pass thru our town on that date, and will camp here overnight. We will play a concert for them in front of the Court House.

Also, Cliff has announced that a "Merry Tuba Christmas" will be held here in Circleville on Sunday, November 24th. Tuba players from all over the state will participate...They will rehearse in our hall at 3:00 in the afternoon till about 4:30, with the concert to take place in front of the Court House at 5:00. Registration will start, again at our rehearsal hall at 1:00. More on this later.

Also, DON'T FORGET, that the Tuesday after Pumpkin Show, we are to turn in ALL music that we have worked on this year. We will sort them out and file them, and, we will also, on that date, have an election of Officers for 1997.

I had better mention the concert on the 28th in front of the old Ames Store. Not too many band members present, something like 25 out of 65 just ain't too good. But, those of us present did our best. As for the audience, best not to mention this...cause, really, there wasn't any. Even though we had such a small band, I am certain we had them outnumbered.

Still looking for new band members...know where we can find some? The kind needed are the kind that will not quite right after one rehearsal like it appears our last two did. Getting new members is the part of each of us, and then, we should make certain they come to rehearsals. And, we, each of us, should also make each and every rehearsal that is possible.

A rather short bulletin, but a rather important one..read it...keep it...

see ya
